To Whom It May Concern:

I am very pleased to recommend Veronica Hernandez for admission to your university program. I have been her IB Visual Art teacher for two years. I have watched her develop both academically and personally into a mature individual ready in every way for her college years.

Veronica is a gentle, enthusiastic and compassionate student. She has excelled in all areas at school. In Visual Art, Veronica is a first class performance; the quality of her work has shown real talent and has achieved the highest grades. Veronica has a unique and unusual solutions to her artistic problems. She uses original and interesting visual imagery in her art work selecting innovative art materials. During these two years, her art theme has been named "building bodies", in which she explores human's identity and that world that is inside of them. Influenced by her initial interest of studying architecture, Veronica draws body parts with structural worlds inside them representing emotions and stories.

One characteristic that is commendable of Veronica is her willingness to undertake any project, no matter how complex and complete that task in a timely and professional manner. She has the ability to recognize, apply and evaluate the use of elements of art in an aesthetic composition.

As her Visual Art teacher, I've seen an intelligent and inquirer student. She can put forward her views persuasively and in a well-structured manner.

It is clear to me as I hope it is to you that Veronica, is an exceptional candidate, one that would contribute greatly to your program. I thoroughly recommend her and wish her the very best in all future endeavors. If you have any further questions regarding Veronica's ability or this recommendation, please do not hesitate to contact me using the information on this letterhead.

Sincerely,

Anamaria Arango
